Drone Photographer & Aerial Cinematographer Gorakhpur, Uttar Pradesh

Email hello@sivaaerial.in · Phone to be added · Instagram / Facebook / YouTube to be linked

PROFILE

Drone photographer and camera specialist working across eastern Uttar Pradesh and Bihar. Aerial films, stills, mapping and site documentation, shot on a written shot list and delivered as a finished set: graded stills within 48 hours, edited films within the week, usage rights in writing.

EXPERIENCE

Independent practice Drone Photographer & Aerial Cinematographer, Gorakhpur 2021 Present

- 60+ projects: hotel and resort films, real-estate launches, construction progress, farmland surveys and wedding features across 12+ districts.
- 500+ flights logged behind a written pre-flight routine; airspace, weather and battery checks on every mission, with a perfect safety record.
- Built the post pipeline: on-site dual backups, Lightroom culling, Resolve grading, Premiere timelines, delivery in 16:9 and 9:16.

Camera house & studio Camera Specialist (Sales, Service & Studio), Gorakhpur 2018 2021

- Advised 1,000+ customers on bodies, lenses and accessories; serviced DSLR and mirrorless systems, including sensor cleaning and lens calibration.
- Assisted on studio and event shoots: lighting, gimbal work, tethered capture and data wrangling.

SELECTED WORK

Aerial films for hotels, builders and brands one visit covering air and ground, one grade.

Aerial mapping & site inspection repeatable grids, orthomosaics and month-on-month overlays.

Camera & drone kit management every item logged by serial with service and alert rules.

Progress documentation for builders fixed viewpoints, documented monthly through the build.

SKILLS

Flying: DJI Mavic / Air / Mini class, manual and automated modes, waypoint and grid missions, airspace and DGCA compliance, night flying, emergency procedures.

Cameras: full-frame mirrorless and DSLR systems, lens choice, ND filters, manual exposure, studio and location lighting, gimbals and sliders, sensor care and lens calibration.

Post: Lightroom Classic, Premiere Pro, DaVinci Resolve, colour matching, vertical cutdowns, delivery formats, dual backup and archiving.
